I signed the MOU and it is being sent back to RING. Before we go live, we will need to conduct some training

Is this something you need me to spearhead or is the city handling it?

Bill Russell, Sergeant

Ontario Police Department

Bill: Just touching bases on this and see if it has landed on your desk. No rush. Wanted to check before we hit CC.

I'm good with it. Funny, I was just starting to talk to the attorney for Glendale PD about this very item.

This partnership can only benefit the department with investigations. Good news is that there is a 30 day written opt out if we don't like the partnership.

This a good tool for our investigators and also good press. You guys good with the “joint press release stuff”?

Let me know and I will move forward.

Thanks

Chief Williams, Thank you again for gathering your team to learn about Rings approach to reducing crime in communities.

As demonstrated, our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community (via a free app) to

reduce criminal activity and to help solve open investigations.

Neighbors Portal is law enforcements access to our platform. Portal highlights include:

1. No Cost - Neighbors Portal is free to Law Enforcement
2. Community Engagement - LE's ability to join the conversation (about posted video or in response to posted comments).
3. Alerts - You may post Alerts which are highly relevant (proximity) to the recipient.
4. Video Request - You may request video from Ring device owners relevant to active investigations.

As you review the attached MOU, or if others will be charged with that task, please feel free to contact me at any time. My cell number is 949-690-6979. If there are changes necessary, I can assist with the business language before we submit the document to legal for final approval.

Again, thank you for meeting with me. I look forward to working with you and Ontario PD soon.

Ray
